To the left of the image, the text reads: 'With the West-Aircomm **CardGuard** you can save time and rest easy by controlling the cards in your wallet.' Below this text is a list of features: 'Instantly lock and unlock your cards', 'Set and remove spending limits', 'Get purchase alerts in real time', and 'Limit transactions to a certain area using your phone's GPS'. At the bottom of the main content area, there is a dark red banner with the text: 'West-Aircomm's CardGuard mobile app. CardGuard is a mobile app that can be used on any mobile device to manage your finances and protect fraud on your debit card.'
